CORRIGENDUM

Supplement No. 49
(A/44/49)
2 August 1990

New York

RESOLUTIONS AND DECISIONS

adopted by the General Assembly during its forty-fourth session

Corrigendum

Section V, resolution 44/225

Paragraph 4 (a) should read

(a) Moratoria should be imposed on all large-scale pelagic driftnet fishing on the high seas by 30 June 1992, with the understanding that such a measure will not be imposed in a region or, if implemented, can be lifted, should effective conservation and management measures be taken based upon statistically sound analysis to be jointly made by concerned parties of the international community with an interest in the fishery resources of the region, to prevent unacceptable impact of such fishing practices on that region and to ensure the conservation of the living marine resources of that region;

CORRIGENDUM

Supplement No. 49
(A/44/49)
16 October 1990
NEW YORK

RESOLUTIONS AND DECISIONS

adopted by the General Assembly during its forty-fourth session

Corrigendum

Section V, resolution 44/225

Paragraph 3 should read

3. Recommends that all interested members of the international community, particularly within regional organizations, continue to consider and, no later than 30 June 1991, review the best available scientific data on the impact of large-scale pelagic driftnet fishing, and agree upon further co-operative regulation and monitoring measures, as needed;

Paragraph 4 should read

4. Also recommends that all members of the international community, bearing in mind the special role of regional organizations and regional and bilateral co-operation in the conservation and management of living marine resources as reflected in the relevant articles of the United Nations Convention on the Law of the Sea, agree to the following measures:

(a) Moratoria on all large-scale pelagic driftnet fishing on the high seas by 30 June 1992, with the understanding that such a measure will not be imposed in a region or, if implemented, can be lifted, should effective conservation and management measures be taken based upon statistically sound analysis to be jointly made by concerned parties of the international community with an interest in the fishery resources of the region, to prevent the unacceptable impact of such fishing practices on that region and to ensure the conservation of the living marine resources of that region;

(b) Immediate action to reduce progressively large-scale pelagic driftnet fishing activities in the South Pacific region leading to the cessation of such activities by 1 July 1991, as an interim measure, until appropriate conservation and management arrangements for South Pacific albacore tuna resources are entered into by the parties concerned;

(c) Immediate cessation of further expansion of large-scale pelagic driftnet fishing on the high seas of the North Pacific and all the other high seas outside the Pacific Ocean, with the understanding that this measure will be reviewed subject to the conditions in paragraph 4 (a) of the present resolution;
